

Outstanding Presentation

AWARD

is presented to

Meng-Chun CHIU

“Comparative spheroidization of S50C medium-carbon steels by electrical and subcritical heat treatments: Microstructure-property correlations and mechanisms”

for the presentation at the

“International Student Workshop on Materials Science and Engineering 2025
(ISWMSE 2025).”

December 16th-17th, 2025

Department Chairperson
Materials Science and Engineering
Kyushu Institute of Technology

Department Chairperson
Materials and Metallurgical Engineering
Sepuluh Nopember Institute of
Technology

Department Chairperson
Materials Science and Engineering
National Taiwan University of Science
and Technology
