

TAIWAN TECH
National Taiwan University of Science and Technology
Soft Matter Laboratory

Po-Da Hong (洪伯達)

Ph.D., Department of Polymeric and Organic Materials
Tokyo Institute of Technology
Distinguished Professor, Dept. of Materials Science & Engineering;
Graduate Institute of Biomedical Engineering
TEL: +886-2-27376539
E-mail: poda@mail.ntust.edu.tw

Lectures:

- Introduction to Polymer Science and Engineering
- Polymer Structure and Analysis
- Introduction to Soft Matter Science
- X-ray Scattering in Polymeric Materials

Research Fields:

- Polymer Structure and Properties
- Soft Matter Science
- Functional Gels and Membranes
- Multi-component Organic Materials
- Textural Designed and Functionality of Biomaterials
