

Chen-Hao Wang Ph.D. 王丞浩 博士

Professor, Dept. of Materials Sci. and Eng.

Tel: 02-2730-3715

Vice Dean, Office of Research and Development

Director of Manpower Promotion Center

E-mail: chwang@mail.ntust.edu.tw

Education:

- Ph.D. in MSE, Tsing Hua University

Lectures:

- Advanced Electrochemical Material
- Thermodynamics of Material (II)
- Thermodynamics of Material
- Material Science (II)

Energy Materials

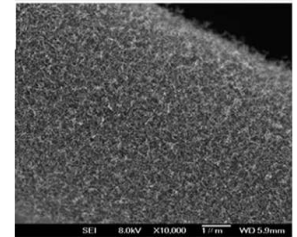

- ◆ Fuel cell
- ◆ Redox flow battery
- ◆ Water electrolysis

- ✓ High performance
- ✓ Low cost
- ✓ Long stability
- ✓ Stable durability

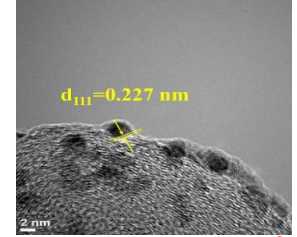

Nanotechnology

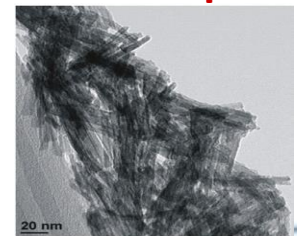

Carbon material

Nano-catalyst

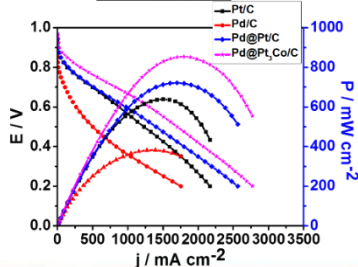

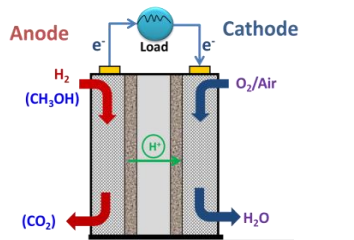

Nano-composite

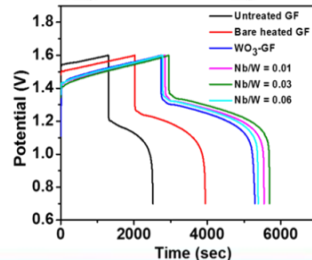

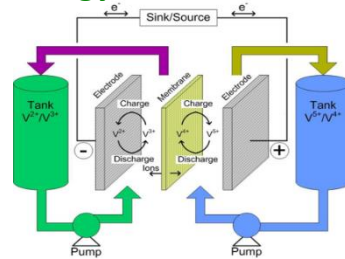

Fuel cell

High efficiency and clean

Redox flow battery

High energy and reversibility

Water electrolysis

High production and low overpotential
